St. Joseph's College

#### **School Vision**

We aim to touch the hearts of the students confided to our care; in turn they touch the hearts of many more in our society, our country, our world with the talents and virtues they developed in their young years.

### **School Mission**

St. Joseph's College is committed to the holistic development of students, encompassing moral, intellectual, physical, social, aesthetic, and emotional growth. This development is fostered in a nurturing environment that promotes active interactions between teachers and students.

We hold a foundational belief in providing a human and Christian education to our students, as members of the Lasallian family, executed with both FAITH and ZEAL.

In partnership with parents, we dedicate ourselves to shaping the minds and characters of our students. This collaborative effort not only enhances the students' growth but also enriches our teachers, fostering mutual personal development.

We assert that educational success transcends academic performance alone. It is crucial for students to master self-directed learning, critical thinking, and virtuous living.

Our mission is deemed successful when our students:

- 1. Demonstrate patriotism, cultivate their talents, and embrace their cultural heritage.
- 2. Achieve a deep understanding and acceptance of themselves and others.
- 3. Develop the ability to think logically and critically, and to communicate effectively.
- 4. Possess a clear understanding of their beliefs and the reasons underlying those beliefs.
- 5. Maintain both physical fitness and mental well-being, avoiding harmful excesses and abuses.
- 6. Exhibit social awareness and commit to the responsibility of contributing to the common good.

St. Joseph's College

### **School Goals**

St. Joseph's College proudly upholds its rich legacy and long-standing heritage in education while actively adapting to the evolving needs of our students, their parents, the local community, the nation, and the global environment. Our commitment is to ensure that all our students:

- Engage enthusiastically in their learning journey, exhibit proficiency in bi-literacy and tri-lingual communication, demonstrate creativity, and maintain a strong sense of commitment.
- Achieve comprehensive development, which includes not only academic excellence but also proficiency in information technology.
- Cultivate the skills necessary for lifelong learning.
- Actively contribute to society, both locally and globally, including specific contributions to our country and the world at large.

### **School Motto**

### "LABORE ET VIRTUTE"

Our College bears the name of Saint Joseph, reflecting the essence of our school motto, "LABORE ET VIRTUTE" (Labour and Virtue). Saint Joseph, a carpenter by trade, epitomised the dignity of labour and the strength of moral character. His virtuous life deemed him worthy of the role as the foster father of Jesus Christ, embodying the virtues we aspire to instil in our students. This motto encapsulates the spirit of our institution — emphasising that through diligence and ethical conduct, our students are poised to succeed and honour the esteemed traditions of the College.

### **Core Values of Education and School Spirit**

St. Joseph's College is steeped in commendable traditions. The school spirit is vividly manifested through students' loyalty to God, their diligent commitment to school duties, and their compassionate care and concern for others. Accordingly, we expect our students to embody exemplary behaviours and values, including:

- Punctuality and consistent attendance.
- Respect for teachers, schoolmates, and the broader school community.
- Personal discipline and self-regulation.
- Obedience and adherence to school rules and regulations.
- Honesty and integrity in all actions.
- Sportsmanship and fair play, both in and out of the athletic field.
